MEMORANDUM

May 6, 1975

TO: All Members of the Law School Community

FROM: David R. Hood

I regret to announce that our colleague Lindsey Kiang has decided to return to practice in Honolulu. Professor Kiang has asked to be relieved of all teaching responsibilities next year, but has expressed his willingness to teach a course in each of the coming two semesters if the School is unable to secure a replacement.

Professor Kiang's contributions to the School have been varied and important and he has earned both esteem and affection. Our loss will be great.

We wish Lindsey every success in his new endeavor.
